***Election/Restrictions***

This application contains claims directed to the following patentably distinct species of the claimed invention:

- I. Embodiment 1, Figure 2.
- II. Embodiment 2, Figures 3 and 4.
- III. Embodiment 3, Figure 5.
- IV. Embodiment 4, Figures 6, 7 and 8.
- V. Embodiment 5, Figures 9A, 9B, 10, 11, 12, 13A, 13B, 13C, and 13D.
- VI. Embodiment 6, Figures 14, 15A and 15B.
- VII. Embodiment 7, Figures 16A, 16B, 17, 18, 19, 20, 21, 22 and 23.
- VIII. Embodiment 8, Figures 24 and 25.
- IX. Embodiment 9, Figures 26 and 27.
- X. Embodiment 10, Figures 28A, 28B, 28C, 28D.
- XI. Embodiment 11, Figures 29A, 29B, 30 and 31.

Figures 1A and 1B are drawn to prior art.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, there is no claim that is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim

is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melissa J. Koval whose telephone number is (571) 272-2121. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Nguyen can be reached on (571) 272-2258. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
